for pure, clear and soft water

1 Nature 2 mineral water purifier

Not harmful
to your skin

Will not sting
your eyes

Will not
damage
your hair

Less
chlorine

Disinfectant:

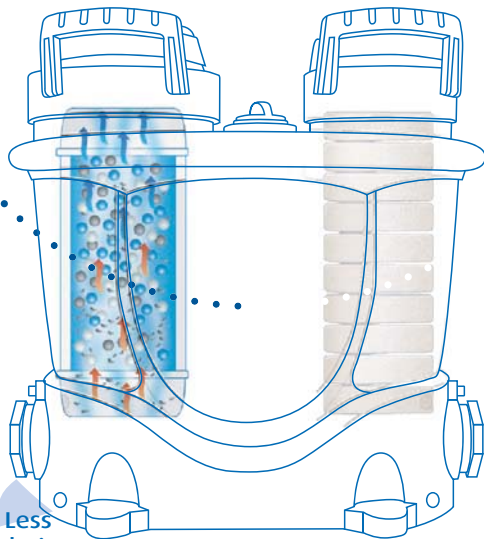

Combats bacteria

Algicide:

Eliminates algae

Water clarifier:

Filters the particles

Pro Plus

for pure, clear and soft water

+ 1 chlorine dispenser

Capacity to supply chlorine
required for 2 months

(75 m³ pools -under normal conditions
of use)

6 months mineral and
purifying treatment, without
the need for intervention

50% reduction in the quantity
of chlorine used

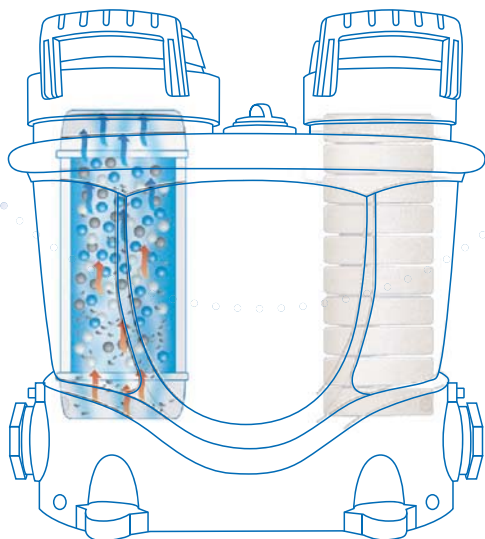

More stable pH, less maintenance

Independent
treatment
system

Very easy
to regulate

The chlorine
level is adjusted
by means of a
thumbwheel

How does Pro Plus work?

Pro Plus combines the Nature 2 mineral purifier with automatic chlorine dispensing.

- The chlorine compartment, containing ten 250g tablets* of slow-acting stabilised chlorine, precisely and regularly disinfects the pool for approximately 2 months (for 75m³ pools – under normal conditions of use).
- After activating the Nature 2 cartridge, disinfectant mineral particles are diffused continuously in the pool. These minerals combine in tiny amounts with the chlorine to enhance its disinfectant power.

Ceramic media in the N2 cartridge, filter the particles that the pool's filtration system has failed to stop, which in turn clarifies the water in your pool.

The Nature 2 cartridge is for active 6 months.

* trichloroisocyanurate

3
YEARS
WARRANTY

ProPlus

EASY INSTALLATION:

- Easily installed, no electrical connections required, to existing pools or new builds.
- Pro Plus is supplied with the adaptors needed for fitting to all installations:
 - Pro Plus model G: pipe connections with diameter 50 mm
 - Pro Plus model A: pipe connections with diameter 38 or 32 mm

ADVICE:

IN-GROUND POOLS:

Pro Plus model G: is suitable for use on all in-ground pools ranging in size from 40 to 170m³, with a choice of cartridges, depending on the volume of water to be treated:

- Cartridge CG25: from 40 to 90 m³
- Cartridge CG35: from 90 to 130 m³
- Cartridge CG45: from 130 to 170 m³

ABOVE-GROUND POOLS:

Pro Plus model A: is suitable for use on above-ground pools up to 75 m³
Cartridge CA30: from 20 to 75 m³

Warning! Pro Plus is not compatible with:

- Bromine and its derivatives
- Chlorine-free disinfectants of the PHMB type (or “biguanides”):
Baquacil®, Revacil®, Oxyline®
- Other products containing copper
- Anti-stain ALKORPLUS

SPECIFICATIONS:

Minimum flow: 5m³/h

Maximum flow: over 18m³/h the treatment cell must be installed on a bypass

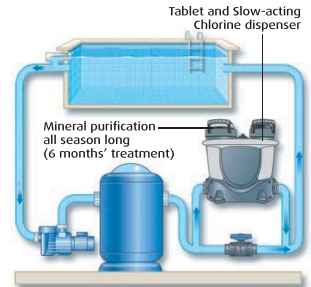

Maximum permitted pressure in the cell: 300 kPa = 3 bars

Maximum water temperature: 40°C

Position of the treatment cell: vertical

Dimensions of the treatment cell (LxWxH): 420 x 240 x 460 mm

Proplus is suitable
for all types of pools
and pool surfaces

Zodiac, mastering the elements.

Renowned worldwide for the quality and reliability of its products in the aeronautical and marine sectors, Zodiac has now brought its expertise to swimming pools, to bring you a full range of pools, automatic pool cleaners, water treatment systems, heating systems and dehumidification units for swimming pools.

Backed by Nature 2® technology, expertise and experience, Zodiac brings you the reassurance of top quality equipment in terms of both design and performance.

A real guarantee of efficiency and peace of mind!
