

Luxury Swimming Pool Kits & Equipment at Budget Prices

# THE DOUGHBOY UK COLLECTION

## **ENHANCING YOUR FAMILY LIFESTYLE. . . .**

Welcome to the world of Doughboy UK. Doughboy have been the industry leaders in the above ground pool market for over 60 years, since then they have earned a worldwide reputation for creating and maintaining the highest standards of design, engineering and service. There is simply no better value pool available in the industry; Doughboy pools are only getting better! All of our pools are made in the Doughboy 660,000 sqft manufacturing facilities in Arkansas, where all the time Doughboy are exploring new design concepts and product advances.

## **RAISE YOUR EXPECTATIONS**

Doughboy pools are the single most adaptable pools on the market today. Whether you want an above ground pool or an in ground look, Doughboy has the answer!

Doughboy pools unparalleled strength and quality have been legendary all over the world since Doughboy invented their first pool over 60 years ago. At Doughboy UK we distribute the highest quality above ground pools, as we know solid construction is not the only thing that our customers demand, our style and sizes are unmatched in the industry as well.

You can choose from our 12ft rounds to a massive 41x21ft oval (available on special order). Any garden! Any size! Doughboy have the perfect swimming pool for you and your family.

## **THE WORLD'S MOST VERSATILE POOLS**

Only Doughboy can offer you the ability to put your pool into the ground leaving as little pool wall visible as you wish. Full instructions are available on how to do this from your Doughboy dealer. As we are so confident with the quality of our pools this process affects no warranties.

# IT'S GOT TO BE A DOUGHBOY!!

## GET THE INGROUND LOOK FOR LESS WITH A DOUGHBOY POOL!

A quick guide showing you installation of an inground doughboy pool.

**Step 1** Firstly dig out for your pool allowing room to work around it, begin to build the Com-pac support system.

**Step 2** Put the com-pac support systems in the ground, then level the ground removing all sharp objects.

**Step 3** Lay the bottom rails round the pool the add the verticals.

**Step 4** Now its time for your pool to begin to take shape,install the wall.

**Step 5** Fit the top rail

**Step 6** Hang the liner in position and begin to fill the pool.

**Step 7** Once the pool is full of water, connect the filtration.

**Step 8** Landscape to your choice.

DOUGHBOY UK ALSO OFFER A SPECIAL ORDER SERVICE ON POOLS OF DIFFERENT DEPTHS AND SIZES!

# REGENT

The Regent is a new affordable pool with a combination of resin and steel. Made using the highest quality materials and technology, the Regent uses the **COM-PAC™ OVAL SUPPORT System** instead of the buttress side supports used on many of today's pools. Therefore making it suitable for the smallest of spaces

## THE REGENT OFFERS:

6-Inch resin top-rails and 52" true pool wall depth.  
Can be installed in or above the ground.

Magnetic light add-on kit  
Two additional lights

Over the swimming pool light

# ALTO HEAT PUMPS

**NEW FOR 2008!**

**THE SUPERB ALTO WATER HEAT PUMP - A MUST FOR YOUR POOL.**

The Alto Heat Pump makes full use of the advanced refrigeration technology to capture the heat in the outside air and transfer it to the pool water. The refrigerant changes from liquid to gas as heat is absorbed from the ambient air. Later in the cycle the refrigerant condenses to liquid as heat is released to the water in the heat exchanger.

The Alto Water Heat Pump provides an efficient and environmentally friendly system for heating your swimming pool! For every unit of electricity that you put in to run the compressor you will get approx 4.6 units of heat out of the heat pump. So nearly 80% of the energy is FREE!

## YOUR QUESTIONS ANSWERED

**Q: Can I install my Doughboy Pool in the ground?**

**A: Yes indeed!** In our experience almost all of our pools are. All warranties are covered if this is carried out correctly. Ask your dealer for in-ground installation instructions.

**Q: How much time will it take me to look after my pool?**

**A: Around 15-20 minutes per week** should be enough depending on use.

**Q: Will I need planning permission to install my pool?**

**A: In general no!** An exception however may occur if you live within a listed property in which case you must check.
